

The Dominion of British West Florida is a non-secessionist Sovereign Nation, dedicated to the Restoration of the sovereignty of the People under God and the Crown.

The Committee appointed under Mr. Brewer's resolution to prepare such business as in their judgment they may deem proper for the action of this meeting, submit the following resolutions for consideration and adoption in support of a Free Nation under God and Crown, known as the Dominion of British West Florida, existing peacefully within the United States of America.

1. *Resolved* , That we recommend to our people the propriety of forming, and sustaining Civil Societies, for the mutual instruction of both young and old, in the branches of a good English education, and the mechanical and technical arts, in every Titled Domain, Barony, County, City, Town, and Village, wherever it may be practicable. Such Civil Societies to be considered as a part of the body politic of the Dominion of British West Florida.

2. *Resolved* , That the Parliament of the Dominion of British West Florida be requested to appoint an agent, in every Titled Domain, Barony, City, Town, or Village in the Dominion, wherever practicable, whose duty it shall be to form these Civil Societies and auxiliaries, and carry into effect all the objects of these resolutions. This agent shall make a quarterly return to the Solicitor-General, of his progress, and condition of his district, in mental, and moral improvement.

3. *Resolved* , That the agents named in the above resolution, be and are hereby authorized to open books, and endeavour to obtain, and receive subscriber's names for the purpose of establishing a Gainful Labour and Technical Schools, in some suitable place, hereafter to be decided upon; and they shall make their returns quarterly, with the other information to the Parliament, for the information of the Dominion -- and whenever it shall appear that a sufficient amount has been subscribed--there shall be appointed by the Solicitor-General, some responsible agent to collect the same for the Civil Society -- who shall then take immediate measures, to establish the said Gainful Labour and Technical School, for the instruction of youth.

4. *Resolved* , That this Dominion recommend to all Civil Societies who are, or shall, become auxiliary, or shall send representatives to the annual meetings thereof, to adopt and sustain by precept, and example, all the principles of this Dominion.

5. *Resolved* , That the agents and members of this Dominion and its Civil Society be, and are hereby requested, to use every exertion in their power by use of the media, lectures, and addresses, to impress upon our people the propriety of practising the principles of Christian Living and economy in all things.

6. *Resolved* , That the practice of the principles of peace, as exemplified in the life, and character of our *Blessed Redeemer the Lord Jesus Christ*, while on earth, is the most proper example for our people to follow.

7. *Resolved* , That the moral, upright, and correct deportment of our people, will be one of the strongest arguments we can present in favor of the Dominion, and with it our Civil Society. And that such deportment is the basis and greatest support of our Personal and Religious Liberty.

Your committee in submitting this Report, beg leave to say, that, they are of opinion, that too much legislation is rather injurious, and therefore hope, that this Parliament will not adopt any more resolutions than they are able to carry into full and efficient effect.

All of which is most respectfully submitted.
