

Whereas Her Majesty's government in the Dominion of British West Florida has always felt a sincere and strong spirit of love, affection and fraternity towards Her Majesty's Province of Alberta.

And whereas the government of British West Florida notes with both distress and concern the prior acts of bullying and arrogance committed by the former Liberal government of Canada, in forcing Bill C-38 through the Canadian parliament; contrary to the wishes and desires of the people of Canada, and the laws of God as revealed in Holy Scripture.

And whereas the government of British West Florida notes and commends the moral stance which Her Majesty's government in Alberta took, in opposing same sex marriages in the past and; its repeated efforts to ensure that those Justices of the Peace who cannot marry same sex couples on the grounds of conscience are not forced to act contrary to their faith or beliefs.

And whereas the government of British West Florida has already passed its own 'Marriage Protection Act' which repudiates and declares null and void same sex 'marriages' wherever formalized,

Now, therefore, be it declared by the Grace of the Queen's Most Excellent Majesty, through Her Majesty's Acting Governor-General of the Dominion of British West Florida, as follows:

That the Dominion of British West Florida commends and applauds the stance taken by the Progressive Conservative government of Alberta, under former Premier Ralph Klein, as well that undertaken by the current Premier in Alberta, The Honourable Ed Stelmach, in opposing a vocal minority within Canada and their political allies the Liberal Party of Canada, in forcing through same sex marriage in Her Majesty's Province of Alberta and in the remainder of the Dominion of Canada at large.

Furthermore Her Majesty's government in the Dominion of British West Florida encourages Her Majesty's government in Alberta to continue its efforts to ensure that Justices of the Peace are exempted from marrying same sex couples in Alberta, if solemnizing such an unnatural union would conflict with their conscience.

Finally Her Majesty's government in the Dominion of British West Florida supports and encourages the leader of Her Majesty's government in Alberta, The Honorable Ed Stelmach; to continue in his efforts to aid Her Majesty's government in Canada under the leadership of the Right Honourable Stephen Harper, in repealing Bill C-38 and ensure that the issue of same sex 'marriages' be decided by the people residing in each of the provinces and territories, that comprise the Dominion of Canada, according to the Law and Tradition handed down to them by the founders of the Dominion of Canada.

God Save Her Majesty the Queen, and the peoples of all her Dominions, Realms, and Territories.

Bo Register, Marquess of Mobile
Acting Governor-General in and for the
Dominion of British West Florida

Alan Goudman
High Commissioner to Her Majesty's
Province of Alberta, Dominion of Canada
